

## MACHINIST

Pro Metal Industries is a 30+ year full-service metal fabrication company. Pro Metal is 100% owned by Pasqua First Nation. Come join our team as we are evolving into a world class manufacturer for the military, oil and gas, mining, and agriculture industries.

In addition to CNC Machining, Pro Metal offers drafting and design, plasma, waterjet, and laser cutting, CWB and AWS Welding, and forming, to our fabrication process.

We are a dynamic team with diverse backgrounds, education, and experiences. We are excited for the right individual to join our team. **Are you an experienced Machinist that wants to work on interesting and exciting projects which include prototyping and full-scale production?** You will also lead and mentor the machining team? As we expand our CNC machining capabilities and technology this is a unprecedented opportunity for the right candidate.
