Big River

Big River cadets spent a day at RCMP Depot Division, where they ate at the mess, toured the historic training grounds, and received a drill lesson from the Drill and Department Unit. They also had the opportunity to observe the Sergeant Major's Noon Parade - a highlight of the visit and a true glimpse into RCMP tradition.

Canoe Lake

They have been busy! They've increased to two sessions per week, taken on new workouts, and even got hands-on with baking and hand fishing for suckers. They're progressing through Lesson 3 of the drill manual and proudly took part in their community powwow grand entry.

Ocean Man

Ocean Man cadets have been putting in the work - recently taking part in shooting practice and receiving their 3 month service awards. They also completed sessions on internet safety and continued building strength through fitness training.

One Arrow

One Arrow cadet leaders receive drill instruction from Cpl. Johnstone during a training session. The group is preparing to launch their cadet program this fall with strong leadership and clear direction.

Pasqua

Pasqua cadets celebrated their year-end with an unforgettable trip to West Edmonton Mall, enjoying both Galaxyland and the World Waterpark. Back home, they held a graduation ceremony, received service pins, shared a meal, and reflected on their journey with a year-in-review slideshow. A big thank you to cadet leaders Ruby Ironeagle and Cst. Nora Madill for their dedication and leadership throughout the year.

Whitecap

Whitecap cadets held their graduation ceremony at the Dakota Dunes Resort. They received service pins and gifts, shared a meal and looked back on their accomplishments with a heartfelt year-end slideshow.

Thank you to Cst. Kirk Ingham, Jordanna Johnson and Larissa Mercredi for their leadership, support and dedication throughout the year. The Whitecap program is the longest running program, this is attributed to the strong leadership from the previously mentioned individuals and continued support from the community.

Yellow Quill

The Yellow Quill cadet group gathered for a well earned celebration at Greenwater Provincial Park, marking the end of a successful season. The day began with a shared meal, followed by certificate and service pin ceremony to recognize the hard work and dedication of each cadet.

Special thanks to Cadet Leaders John Sanderson, Deanna Roper and Taylor Severight for their outstanding leadership throughout the year.

The day wrapped up with some well-deserved fun as the group paddle boated around the lake.

Cadet Leader John Sanderson presents Cadet Zalariah Nippi-Prosper with a certificate and one year service pin.

Updates on new tools, training and more.

New Resource: Curriculum Builder Booklet Now Available!

We're excited to launch a new Curriculum Builder Booklet designed to help communities plan powerful, youth-centered cadet programs. From identifying local challenges to mapping out weekly themes, this guide supports leaders in creating a 32 week-program rooted in structure, leadership and community values. Let's build something that lasts.

Updates on new tools, training and more.

Coming this August: Cadet Leader Drill Training at Depot!

We are heading to RCMP Depot Division in Regina on August 15-16 for two days of drill, leadership and community building. Selected cadet leaders will get hands-on training to bring structure, pride and confidence back to their programs. This is more than just drill-this is about building future leaders from the ground up. Inquire at jonathan.iron@rcmp-grc.gc.ca for more information.

Year in Review: Growth, Tools and Community Impact

This past year has been one of major growth and momentum for the program. From new tools to stronger training, we've laid the foundation for long-term success in our communities.

New additions to the program include:

- a bold new program logo representing leadership, achievement and tradition
- updated training manuals featuring new, practical lessons for cadet leaders
- easy to use tracking tools for attendance, achievements, awards and more
- a flexible curriculum builder to help communities plan a 32 week program tailored to their needs
- training courses held at Depot and in communities, providing hands on development for new leaders
- ongoing support and mentorship to guide leaders and ensure success in each community

Thanks to the commitment of our cadet leaders, RCMP members, and community partners, the program continues to grow in strength, culture, and purpose.

That's a wrap for this season - we'll see you in September when the newsletter returns!

Cadet Reflection By Nyasiah Pelletier, Pasqua CCC

Hello, my name is Nyasiah Pelletier, I am in grade 11 going on to grade 12 in the fall.

I joined cadets because I had been told to by my auntie, however I didn't know joining this program would help me a lot. Not only did it help my physical health it also helped my mental well being. I'm glad I joined this program I made amazing friends on the way and inspiring mentors. Thank you to Ruby and Nora for supporting me throughout this whole journey. This program gave me many opportunities, I went places I never thought I'd step foot in, this program will definitely be one of the most memorable things in my teen years.

Thank you Nora for helping me understand my left and right, I use to use my hands for directions, but now I use my feet because you always start off your march with your left foot, and I would also like to thank you for getting me into the Edmonton Oilers, I now can look up to next hockey season.

Thank you Ruby for being an amazing organizer for the program, and hearing us out on our thoughts, and being there for this program, you always show up every Wednesday and that shows how much you care for this program, you always make sure we are ready for an event, I appreciate that, and I'm not only speaking for myself. I'm sure I am speaking for all cadets in this program.

You guys make me excited for every Wednesday because I get to see you all. I think I'm pretty lucky to be in this program, because I truly never knew I'd meet such amazing people.

Once again, thank you and I would recommend this program to any youth who is interested in cadets because this program helped me a whole lot. Have a good summer!
