PFN Group of Companies

We have been active in the Business Development and Employment initiatives primarily in the Natural Resources Industry.

Through PFN engagement with Industry we are benefiting in employing FN people in Potash and Oil and Gas. With FN's being the highest growing and youngest population in Canada, we see the benefit in investing in our FN's to bring the skills and knowledge to the workforce.

PFN GoC Purchased Prometal Manufacturing

- Purchase:
 - Purchased for 2.9 Million debt free
 - Included in purchase price was:
 - 1 million in receivables
 - 1.2 million in equipment
 - 300k in inventory

PROMETAL MANUFACTURING

Is a contract manufacturing also known as a job shop. It cuts, forms and machines all metals. It fabricates simple and complex assemblies.

Ranging from:

- Military
- Agricultural components
- Aluminum fabrications and
- Architectural finishes

Parts can weigh as little as a few grams or as large as 10 tons.
