

Camp Helper

Who We Are

Clean Harbors offers lodging services with the refinery and petrochemical industry. We are the premier supplier of industrial lodges and drill camps to companies in Canada's north operating facilities in Alberta, British Columbia and Saskatchewan. We are a one-stop housing provider including design, construction, transportation, set-up, service, maintenance, catering and housekeeping.

Job Summary

Clean Harbors is currently looking for a Camp Helper to assist with our K+S Potash Legacy Project in Bethune, SK. The successful candidate is responsible for assisting half of the shift helping the Camp attendant ensure the bunkhouse is clean and sanitary. The other half of the shift will be assisting the Chef/Rig Cook ensuring the kitchen and dining areas are clean and sanitary at all time.

Responsibilities and Duties

- Oversee servicing of all rooms daily in bunkhouse including making beds, vacuuming, sweeping, mopping, and replacing towels (2 bath towel, 1 hand towel, 1 face cloth). This also includes cleaning tops of closets, blinds, and light fixtures.
- Change all bed linens weekly or when a room occupant changes.
- Sweep and mop floors and remove all stains from walls in your designated area (i.e. dorm, recreation hall, office complex, washrooms, shower rooms, boot rooms etc.)
- Clean entire room including the floors, walls, closets, drawers, chairs, medicine chests, etc. on occupant change days.
- Clean all washrooms, shower rooms, boot rooms and common areas completely and thoroughly according to company approved methods and standards. Empty mop bucket after each use and hang mop to dry in the proper storage area.
- Observe and report any repairs or damages in your work area to Manager/Assistant Manager.
- Wash towels and facecloths after each shift change, and provide clean containers with plastic liners for soiled towels.
- Store all linens in a secure place to discourage loss. Keep an accurate count of all bedding and towel and report all shortages.
- Burn or otherwise dispose of all garbage for your designated areas.
- Ensure that all chemicals and cleaners are safely stored in proper storage containers and areas, ensure that you understand WHMIS information for each product you use.
- Any other duties as assigned by Rig Cook/Chef/Camp Manager.

- Maintain the cleanliness and sanitation of personal work area, entire kitchen, serving line, dining room, lunch room and dish pit area; as well as equipment areas including store room, loading dock, cold storage, etc.
- Assist with the washing of all dishes, pots, pans, cutlery, glasses, cups, utensils, trays, equipment, etc.
- Oversee the cleaning, stacking and replenishing of dining room tables and chairs, beverages stations, etc.
- Prepare hot beverages as close to meal serving times as possible and keeping them replenished throughout the meal time.
- Replenish cold beverages throughout the meal time as needed.
- Oversee the emptying out and washing of all garbage containers.
- Stock, and replenish food service items such as cutlery, dishes, glasses, cups, condiments and ice cream prior to, during and after meal periods.
- Sweep and mop all floors in the kitchen complex with exception of washrooms and other designated common areas.

Key Qualifications

- Candidate must be literate in English language with reading and writing competency.
- Candidate must be able to operate all cleaning equipment.
- Safety tickets an asset (Confined Space, Fall Protection, First Aid/CPR, WHIMIS, SCOT, TDG, H2S Alive)

Please submit resume along with references, a copy of safety tickets and a copy of drug test to:
