

## Seasonal Construction Personnel

### Who We Are

Clean Harbors offers lodging services with the refinery and petrochemical industry. We are the premier supplier of industrial lodges and drill camps to companies in Canada's north operating facilities in Alberta, British Columbia and Saskatchewan. We are a one-stop housing provider including design, construction, transportation, set-up, service, maintenance, catering and housekeeping.

### Job Summary

Clean Harbor is currently looking for seasonal construction personnel to assist with our K+S Potash Legacy Project in Bethune, SK. We are seeking trades people in all areas of production, including carpentry, electrical and plumbing. The job would be a seasonal full-time position 3 weeks on and 1 week off work rotation.

### Key Qualifications

- 1-2 years of previous plumbing, carpentry, or electrical experience
- Safety tickets an asset (Confined Space, Fall Protection, First Aid/CPR, WHIMIS, SCOT, TDG, H2S Alive)
- Experience using basic hand tools, electrical and pneumatic tools
- High attention to detail and takes pride in workmanship
